

Compliance Monitoring Unit Webinar

Thursday, August 5

10 a.m. – 11 a.m.

Please join us for an informational webinar for contractors who are preparing to bid on projects and public entities that award public works projects.

Learn about:

- What the new [Compliance Monitoring Unit \(CMU\)](#) will mean to you
- Our electronic certified payroll report system & monitoring process
- Filing & investigating complaints

CMU's Program Manager will also answer your questions.

Registration is required! Please [click on this link](#) to register.

Important Information:

Please [check your system](#) before Thursday's webinar to make sure your computer is ready to use Microsoft Office Live Meeting. Please select the **download** option.

If you click on the "web client (fastest)" option it will not play audio.

Questions:

If you have any questions about the webinar, please contact us at CMU@dir.ca.gov.

About CMU:

The Compliance Monitoring Unit (CMU) begins operations on August 1, 2010, in accordance with State Senate Bill X2-9 that was signed into law by Governor Arnold Schwarzenegger in February 2009.

The CMU conducts the required monitoring and enforcement of the state's public works prevailing wage laws on specific state bond funded and/or design-build procurement construction projects undertaken by public entities in California awarded on or after the effective date of the regulations – August 1, 2010.

The CMU is intended to provide enhanced labor compliance monitoring and enforcement in lieu of a Labor Compliance Program. The creation of the CMU has no effect on the prevailing wage/public works statutes found in the state's labor code. The Unit changes the Department's approach to enforcing public works laws by emphasizing early detection and correction of violations.
